

Geometría • Coloca, en cada casilla, la pegatina que cumpla los tres atributos (anexo adhesivos).

The exercise consists of four cartoon characters, each holding a blank white sign. Below each character is a set of three stickers. Lines connect the stickers to the signs, indicating that the stickers represent attributes for the sign.

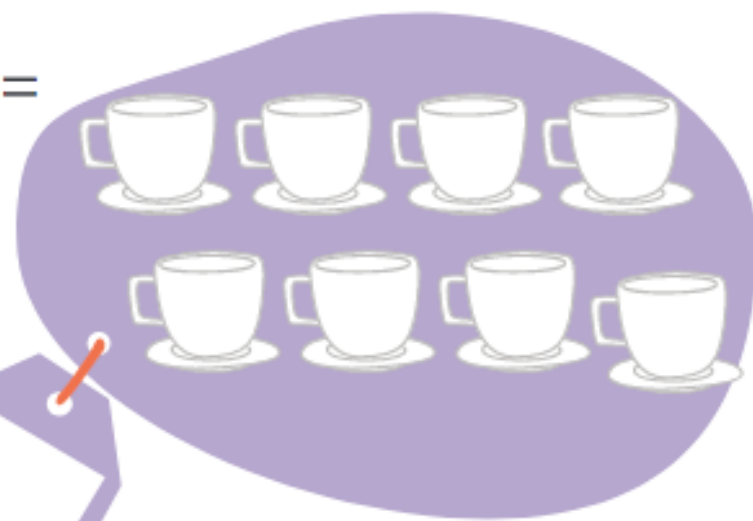

- Character 1 (Teal):** Attributes are a circle, a red splash, and a stick figure.
- Character 2 (Red):** Attributes are a stick figure with an 'X', a square, and a yellow splash.
- Character 3 (Yellow):** Attributes are a blue splash, a stick figure, and a triangle.
- Character 4 (Purple):** Attributes are a yellow splash with an 'X', a stick figure, and a circle.

Numeración • Colorea las figuras que necesitas para representar el resultado de cada adición y escribe el resultado.

$3 + 4 =$

$2 + 4 =$

$4 + 4 =$

$5 + 2 =$
